

LYMPHEDEMA

INCURABLE, PROGRESSIVE,
AND MORE COMMON THAN YOU THINK

More than
5 MILLION
Americans live with Lymphedema

AN ALARMING FEW ARE DIAGNOSED

Less than
1 IN 5
each year

UNFORTUNATELY, EVEN FEWER ARE EMPOWERED WITH
TOOLS TO EFFECTIVELY CARE FOR THEMSELVES AT HOME

Lymphedema is often present in patients with ...

Diabetes

Cancer

CVI

Obesity
